FOR ORGANISATIONS: Training workshops on Assistive Technology and the Built Environment, and Manual Handling can be designed to meet your organisation's training needs. Contact us on (02) 9912 5800 or email training@at-aust.org for more information. Other courses may become available throughout the year and course dates may change. For updates to the calendar and full course details, visit www.at-aust.org or phone (02) 9912 5800. Unless otherwise stated all courses will be held at Assistive Technology Australia's Blacktown office. Other locations can be requested and are negotiable. Assistive Technology Australia is a Registered Training Organisation (RTO Code: 90707). Only courses marked 'Nationally Recognised Training' come under the AT Australia RTO
