

Nationally accredited training in Assistive Technology

Course Description

These nationally recognised individual unit or group of units, will allows you to extend your Assistive Technology (AT) knowledge and skills.

These particularly suit AT sales staff, customer service staff, and direct care workers assisting their clients and even allied health professionals needing to understand AT which they are not familiar.

We now offer these units online and provide the same great quality training and outcomes as we do in our face-to-face sessions.

Learners will receive a Statement of Attainment for any unit/s completed including assessment. Those who do not successfully complete or choose not to complete the set learning and assessment tasks will be issued with a Certificate of Participation.

Registration closes 2 weeks prior to commencement date.
